

## 2020 Summer Construction Progress Update

**Construction of The Pacifica continues to progress on programme!**

### **Progress Status - February 2020:**

- Top of the jump form reaches L54 with slab poured to L50
- Façade installation up to L44 and continues to chase the super structure
- Internal fit out well advanced throughout the tower
- Superstructure top out April/May with crane removal to follow
- On target for completion Q4 2020
- Latest construction time-lapse video now available to view on The Pacifica website and Facebook Page
- Our next purchaser event is scheduled for 17 March 2020 – invite to be out to Purchasers end of February
